World Paper Bag Day

Our young learners at **Pearly Shells Preschool** celebrated **World Paper Bag Day** with great excitement by transforming old newspapers into beautiful, eco-friendly paper bags. Through this creative hands-on activity, children discovered how everyday materials can be given a new purpose, reinforcing the importance of the **3Rs – Reduce, Reuse, and Recycle**. As they carefully folded, assembled, and decorated their paper bags, they not only enhanced their creativity and fine motor skills but learned that small thoughtful actions can make a big difference in protecting our environment. The activity inspired our little learners to become responsible, eco-conscious citizens who understand that caring for our planet begins with simple, sustainable choices.

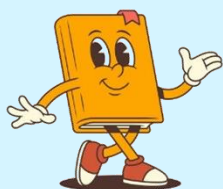

Bastille Day

Young learners of Thakur International School celebrated Bastille Day with great joy as students showcased the vibrant spirit of France through energetic dance performances, an engaging skit, melodious French songs, and French language presentations. Our Sr. KG students also proudly participated, adding charm to the celebration with their delightful performance.

The skit showed the story of Bastille Day and explained how the people of France came together to fight for their freedom. It highlighted the Storming of the Bastille prison on 14th July 1789, an important event that marked the beginning of the French Revolution. Through this celebration, students learned about the values of freedom, equality, and unity while gaining a better understanding of French history and culture in a fun and meaningful way.

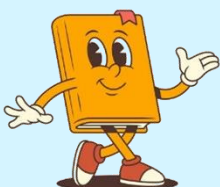

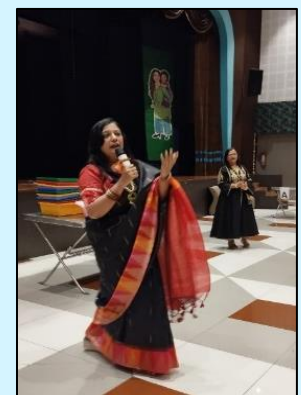

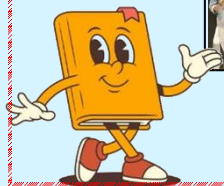

Parents' Day

Parents' Day Celebration – Together in Joy 🌟

A memorable Parents' Day celebration brought smiles, laughter, and precious moments for every family. The event featured delightful dance performances, entertaining skit, exciting games, and joyful interactions that strengthened the bond between parents, children, and the school.

A heartfelt thank you to all our wonderful parents for your enthusiastic participation and constant support. Together, we created memories that will be cherished for years to come.

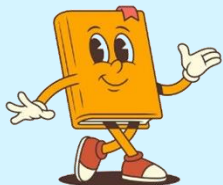

Kargil Vijay Diwas

Pearly Shells Preschool proudly commemorated **Kargil Vijay Diwas** to honour the courage, sacrifice, and dedication of our brave soldiers. The celebration began with an engaging PowerPoint presentation that introduced the children to the significance of the day in a simple and age-appropriate manner. Through a short video, our little learners learned about the bravery and patriotism of the soldiers who protect our nation. The celebration concluded with a heartfelt song dedicated to our courageous heroes, filling the atmosphere with pride and gratitude. This meaningful activity helped instil values of patriotism, respect, and appreciation for the selfless service of our armed forces.

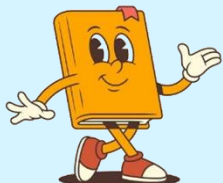

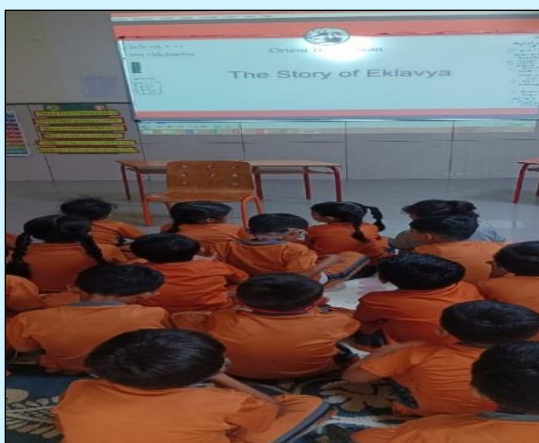

Guru Purnima

Our little learners celebrated **Guru Purnima** by listening to the inspiring story of **Eklavya**, which taught them the values of respect, dedication, and love for their teacher. The story was narrated in a simple and interesting way, followed by a short video that helped children understand it better.

Children also learned about the importance of a **Guru** in our lives and how teachers guide us, help us learn, and encourage us to become better individuals. The celebration helped children understand the value of respecting and thanking their teachers for their love, care, and guidance.

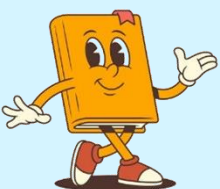

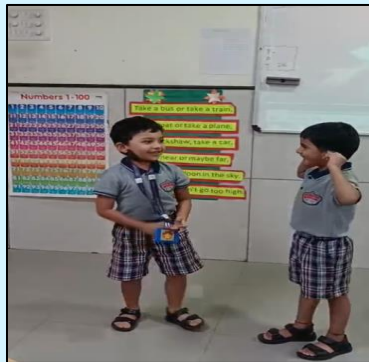

Life Skill – Magic words

Learning the Magic Words

Our curious young minds at Pearly Shells Preschool, explored the importance of the three magical words—**Please, Sorry, and Thank You**—through an interactive role-play activity. By enacting everyday situations, the children learned how these simple words can express kindness, respect, gratitude, and empathy. The activity encouraged them to practise good manners, communicate politely, and develop positive social skills. It was a joyful learning experience that reinforced the message that good values begin with simple words and caring hearts.

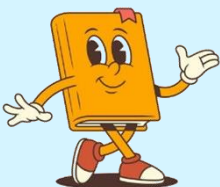

Life skill –Developing Independence in wearing Rain Gear

Our little learners took part in a **Life Skill Activity** where they learned how to wear a raincoat and sandals on their own. With smiles and excitement, they practiced putting on their raincoats, closing the buttons or zip, and wearing their sandals correctly. This fun hands-on activity helped children become more confident and independent while learning important everyday skills.

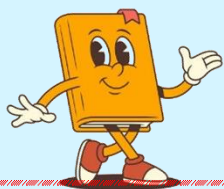

The activity helped students to understand the importance of wearing raincoat and sandals during the rainy season. By practicing these simple tasks, they developed self-help skills, improved their fine motor skills, and learned to take care of themselves. It was a joyful learning experience that encouraged responsibility and built confidence in every child.

Show and Share

“Every little voice tells a big story” At Pearly Shells Preschool, our **Show & Share Activity** gave children a wonderful platform to express themselves with confidence. Jr.KG learners participated with Great interest and showcased their understanding of the **Alphabet**, while Sr. KG students confidently spoke about the **Types of Houses**. Through this engaging activity, the children enhanced their communication skills, vocabulary, stage confidence, and self-expression. It was a delightful experience that encouraged every child to speak, listen, and learn with confidence.

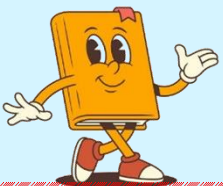

Montessori Way Activity

Learning Together

Learning came alive at Pearly Shells Preschool, our Montessori Way Activity promoted collaborative learning as our **Sr. KG learners became little teachers**, guiding their Jr. KG friends through pre-math concepts such as **Big and Small** and **Same and Different** using a variety of **everyday objects**.

By comparing and sorting different objects, children developed observation, logical thinking, and concept clarity in a fun and interactive way. This peer-learning experience also nurtured confidence, communication, and teamwork, making learning enjoyable and meaningful for everyone.

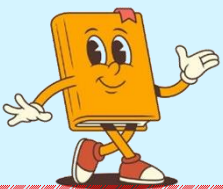

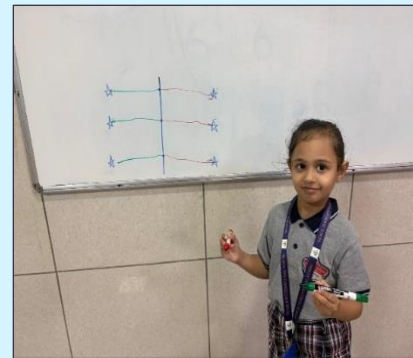

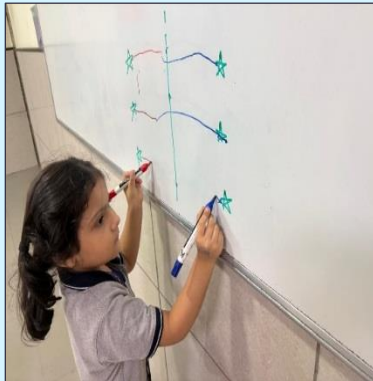

Extended Enrichment Programme

As part of our experiential learning approach at Pearly Shells Preschool, our Extended Enrichment Programme offers children a variety of engaging, hands-on activities that make learning enjoyable and meaningful. Through fun-filled experiences, our little learners develop confidence, creativity, concentration, fine motor skills, problem-solving abilities, and essential life skills in a nurturing environment.

Every activity is a small step towards joyful learning, helping each child discover new strengths and grow into a confident, curious, and independent learner.

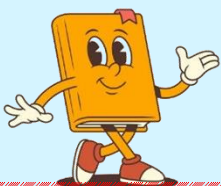

Learning Never Stops

Our vibrant classrooms buzzed with excitement as, every learning opportunity matters. Due to the forecast of heavy rainfall, our physical school remained closed, but our little learners continued their learning journey through engaging online classes.

It was a wonderful experience to see our tiny tots eagerly join their virtual classrooms with bright smiles and eager minds. The children stayed connected with their teachers and classmates from the comfort and safety of their homes through interactive activities, stories, songs, and joyful learning sessions.

At Pearly Shells Preschool, we believe that learning has no boundaries. Whether in the classroom or online, our commitment to nurturing young minds remains strong because **Learning Never Stops!**

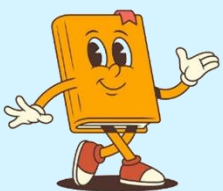

Learning Beyond Books

Learning extends beyond textbooks through exciting, hands-on classroom experiences. Our little learners explored **Safety Rules** through interactive discussions and activities, understood the concept of a **Semi Circle** with fun art and learning exercises, and creatively explored the **Letter 'F'** by making colourful **paper fans**, bringing the alphabet to life in a memorable way.

These engaging activities make learning enjoyable while enhancing creativity, fine motor skills, observation, and concept understanding. At Pearly Shells Preschool, every activity is thoughtfully designed to inspire curiosity, imagination, and a love for learning.

*"Learning never
stops when
curiosity begins."*
