

An apology for the TOPO error

In the previous issue the results of the inter-house recitation competition were published. The third position in Algol Star and Pole Star went to Rudra Desai and not Rudra Kothari as mentioned. We apologise for the error published in the newsletter.

Art classes

Parents can see the students' art work through the following link:

<http://tisciecreators.blogspot.in/>

To make children understand what are Primary colours and how secondary colours are made. Inculcating how to follow instructions while mixing colours.

MaRRs Ken Ken

Students from grade 3-10 have actively registered for Ken Ken, an interesting stimulator for the young mathematical minds. This needs practice. Plenty of online practice sessions are available. Students may make the best use of this platform and trigger their Left Brains for a winning stroke.

DEAR

That's right, it's 'Drop Everything and Read'. If a child is able to understand what he reads and if he can express or incorporate those ideas in his speech, then sky is the limit for his growth. Most problems arise due to a child's inability to read his text and comprehend the same. Parents can be a partner in this DEAR endeavour. It's like saying 'statue' when nothing works. Try some interesting ways to supervise your child's reading habits.

Reschedule of events

The science exhibition scheduled for last week of June will be postponed to 24th July 2015.

The Talent competition will be held as per the schedule. The medical checkup for students (Dental and Eye) will be held on 9th and 10th July 2015.

Registration for the 2015-16 Olympiads is in progress. The schedule for the Olympiad exams is as follows.

OLYMPIADS	DATE
CYBER OLYMPIADS	23 rd September
SCIENCE OLYMPIADS	5 th November
MATHS OLYMPIADS	26 th November
ENGLISH OLYMPIADS	20 th January

MaRRS maze of words

It is a competition in English Language involving word recognition exercises. The participants develop fleetness of thought and vocabulary too. It is designed to encourage the students for progressive education. Xpress Math is designed to test the latent mathematical talent of the student to help in assessing their skills beyond the scope of normative grading. We are proud to announce and congratulate the qualifiers and participants of

MaRRS Maze of Words State Championship and Xpress Math National Prelims 2014-15. Listed below is the result for the above mentioned competitions.

Name of the student	Name of the competition	Class	Rank / Grade
Sara Damani	Maze of words	2	4 th rank
Aishi Kasera	Xpress Math	2	A+
Vrushti Shah	Xpress Math	3	A+
Delisha Sinha	Xpress Math	3	18 th rank
Bhavya Muni	Xpress Math	6	10 th rank
Prasana Doshi	Xpress Math	6	A

abstract. The children become familiar with (ones, tens, hundreds and thousands) as the golden beads are physical representation of numbers. By using these materials, the children experience independence, enhance their concentration and are happy while on their learning journey.

Sequencing events (grade 3)

Students work in team, follow the clues, interpret them and sequence the events.

Fire in the mountains(Grade 2)

Learning by doing Golden beads (grade1)

The children are introduced to the concept of place value using the golden bead set. Operations with the golden beads begin concretely and progress towards Volume 2

June 2015

The World Environment Day

On 5th June 2015, Grade X students conducted the morning assembly, commemorating the 'World Environment Day'. The World Environment Day is celebrated every year on 5th June to broach global awareness and encourage people to make constructive efforts to protect nature and our planet Earth. Taking into account the theme for this year, '**7 billion dreams. One planet. Consume with care**', each of the X Graders read out some significant facts and information about the **WED**. The purpose of this was to emphasize the essence of this day and to create awareness among the children about the various environmental issues. The assembly was concluded with a series of rhetorical quotes and posters. Further celebrating the day, we worked in pairs to prepare 'Magigraphs', widely focusing on the concept of 'World Environmental Issues'. Each pair had come up with a unique Magigraph, very cleverly highlighting the various environmental problems in the most creative ways.

(Sara Shahid X)

PTA for 2015-16

The contestants for PTA for the current academic year turned in for an election and selection process.

The executive committee was also formed on 11th July 2015.

ELECTED P.T.A. MEMBERS LIST FOR A.Y. 2015-16

SR	NAME OF MEMBER/ DESIGNATION	CLASS
1	AMRITA KAUR SAWHNEY MEMBER	I-(PS)
2	JAYESH SANGHVI MEMBER	II- (AD)
3	MINAL SORI Jt. SECRETARY 1	III-(BP)
4	PALLAVI JOSHI MEMBER	IV-(AR)
5	RACHANA SONTHALIA MEMBER	VI
6	VRINDA CHUGH CO-CHAIR PERSON	VII
7	SMITA SHETH MEMBER	VIII
8	MEHUL DALAL JT.SECRETARY 2	IX

We congratulate the parent members and the executive committee members.
